1	TRAUMA GENERAL				V
2	Free Flap				V
3	Full Thickness Skin Graft				V
4	Muscle Flap				V
5	Nerve Repair				V
6	Pedicle Repair				V
7	Pedicle Flap				V
8	Removal external fixator or frame				V
9	Removal foreign body from skin / subcutaneous tissue				V
10	Removal K wires or skeletal traction				V
11	Split skin graft				V
12	Transpositional flap				V
13	Wound closure, delayed primary or secondary				V
14	Wound debridement				V
15	Internal fixation of long bone				V
16	Internal fixation of complex fracture				V
17	External fixation				V
18	Periarticular fracture				V
19	Tendon repair				V
20	Vascular repair				V
21	Casting and splinting				V
	AXIAL SKELETON:				
1	Cervical spine				V
2	Anterior fixation fracture / dislocation cervical spine				V
3	Application halo / tong traction cervical spine				V
4	MUA fracture / dislocation cervical spine				V
5	Posterior fixation fracture / dislocation cervical spine				V
6	Thoracic spine				V
7	Anterior decompression / fixation lumbar spine				V
8	Posterior decompression / fixation lumbar spine				V
9	Pelvis				V
10	Simple acetabular fracture ORIF				V
11	Complex acetabular fracture ORIF				V
	Pelvic fracture:				V
1	Pelvic fracture external fixator application				V
2	Simple pelvic fracture ORIF				V
3	Complex pelvic fracture ORIF				V
					v

UPPER LIMB					
1	Brachial Plexus				V
2	Exploration / repair / grafting brachial plexus				V
	Clavicle				
3	ORIF Clavicle fracture				V
4	ORIF non-union clavicle fracture				V
	Shoulder				
1	Anterior dislocation shoulder				V
2	Anterior dislocation shoulder closed reduction				V
3	Anterior dislocation shoulder open reduction +/- fixation				V
4	Acromioclavicular joint dislocation acute ORIF				V
5	Fracture proximal humerus ORIF				V
6	Glenoid fracture ORIF				V
7	Posterior dislocation shoulder closed reduction				V
	Humerus				
1	Dislocation elbow +/- fracture				V
2	Dislocation elbow +/- fracture closed reduction				V
3	Dislocation elbow +/- fracture open reduction +/- fixation				V
4	Intraarticular distal humerus fracture ORIF				V
5	Lateral condyle fracture ORIF				V
6	Medial condyle / epicondyle fracture MUA / K wire / ORIF				V
7	Olecranon fracture ORIF				V
8	Dislocated elbow +/- fracture				V
9	Radial head / neck fracture MUA +/- K wire				V
10	Radial head / neck fracture ORIF				V
11	Radial head replacement for fracture				V
12	Supracondylar fracture				V
13	Supracondylar fracture MUA +/- K wires				V
14	Supracondylar fracture ORIF				V
	Forearm				
1	Fasciotomy for compartment syndrome				V
2	Fracture distal radius:				V
3	Fracture distal radius closed non-op				V
4	Fracture distal radius MUA & percutaneous wires				V
5	Fracture distal radius MUA & POP				V
6	Fracture distal radius ORIF				V
7	Fracture shaft radius / ulna:				V
8	Fracture shaft radius / ulna IM nailing				V
9	Fracture shaft radius / ulna MUA & percutaneous wires				V
10	Fracture shaft radius / ulna MUA & POP				V
11	Fracture shaft radius / ulna ORIF				V
	Wrist				
1	Carpal fracture / dislocation:				V
2	Carpal fracture / dislocation MUA & percutaneous wires				V
3	Carpal fracture / dislocation MUA & POP				V
4	Carpal fracture / dislocation ORIF				V
5	Scaphoid fracture non-op				V
6	Scaphoid fracture ORIF				V

7	Scaphoid fracture MUA & percutaneous wires			V
8	Scaphoid fracture non-union ORIF +/- graft			V
	Hand			
1	Carpal fracture / dislocation:			V
2	5 th metacarpal fracture / dislocation non-op			V
3	5 th metacarpal fracture / dislocation MUA & percutaneous wires			V
4	5 th metacarpal fracture / dislocation MUA & POP			V
5	5 th metacarpal fracture / dislocation ORIF			V
6	Finger tip reconstruction			V
	Infection:			
1	Infection hand drainage (not tendon sheath)			V
2	Infection tendon sheath drainage			V
	IPJ fracture / dislocation:			
1	IPJ fracture / dislocation non-op			V
2	IPJ fracture / dislocation MUA & percutaneous wires			V
3	IPJ fracture / dislocation MUA +/- POP			V
4	IPJ fracture / dislocation ORIF			V
5	Ligament repair hand			V
6	Metacarpal fracture (not 1 st or 5 th) non-op			V
7	Metacarpal fracture (not 1 st or 5 th) MUA & percutaneous wires			V
8	Metacarpal fracture (not 1 st or 5 th) MUA +/- POP			V
9	Metacarpal fracture (not 1 st or 5 th) ORIF			V
10	Phalangeal fracture non-op			V
11	Phalangeal fracture MUA & percutaneous wires			V
12	Phalangeal fracture MUA +/- POP			V
13	Phalangeal fracture ORIF			V
14	Tendon repair			V
15	Tendon repair extensor			V
16	Tendon repair flexor			V
17	MCPJ fracture / dislocation:			V
18	MCPJ fracture / dislocation MUA & percutaneous wires			V
19	MCPJ fracture / dislocation MUA +/- POP			V
20	MCPJ fracture / dislocation ORIF			V
	LOWER LIMB			
1	Hip			V
	Dislocation hip closed reduction			V
	Acute hip dislocated hip open reduction +/- fixation			V
	Neglected dislocated hip open reduction +/- fixation			V
	Extracapsular fracture:			V
	Extracapsular fracture CHS / DHS			V
	Extracapsular fracture intramedullary fixation			V
	Extracapsular fracture other fixation			V
	Intracapsular fracture			V
	Intracapsular fracture hemiarthroplasty			V
	Intracapsular fracture internal fixation			V
	Intracapsular fracture intracapsular fracture THR			V
2	Femur			V

	Diaphysal fracture closed:				V
	Diaphysal fracture traction or spica in child				V
	Diaphysal fracture intramedullary nailing				V
	Diaphysal fracture plate/screw fixation				V
	Fasciotomy for compartment syndrome				V
	Subtrochanteris fracture:				V
	Subtrochanteris fracture (not intraarticular):				V
	Subtrochanteris fracture (not intraarticular) DCS / blade plate etc				V
	Subtrochanteris fracture (not intraarticular) intramedullary fixation				V
3	Knee				
	Acute haemarthrosis arthroscopy				V
	Acute ligament repair				V
	Intraarticular fracture distal femur ORIF				V
	Patella dislocation closed reduction +/- open repair				V
	Patella fracture ORIF				V
	Patella tendon repair				V
	Quadriceps tendon repair				V
	Simple tibial plateau fracture				V
	Complex tibial plateau fracture				V
	Tibial plateau fracture arthroscopically assisted fixation				V
	Tibial plateau fracture ORIF with plate & screws				V
	Tibial plateau fracture treatment with circular frame management				V
4	Tibia & fibula				
	Diaphyseal tibial fracture external fixation (including frame)				V
	Diaphyseal tibial fracture intramedullary nailing				V
	Diaphyseal tibial fracture MUA & POP				V
	Tibial shaft plating				V
	Fasciotomy for compartment syndrome				V
	Tibial non-union				V
	Tibial non-union circular frame management				V
	Tibial non-union intramedullary nailing +/- bone grafting				V
5	Ankle				
	Ankle fracture / dislocation:				V
	Ankle fracture / dislocation MUA & POP				V
	Ankle fracture / dislocation ORIF				V
	Pilon fracture:				V
	Simple Pilon fracture ORIF				V
	Complex Pilon fracture ORIF				V
	Pilon fracture with circular frame				V
	Tendoachilles repair				V
6	Foot				
	Amputation toe / ray for trauma				V
	Simple calcaneal fracture ORIF				V
	Complex calcaneal fracture ORIF				V
	Metatarsal fracture ORIF				V
	Phalangeal fracture MUA +/- K wire +/- ORIF				V
	Talar, subtalar or midtarsal fracture / dislocation				V
	Talar, subtalar or midtarsal fracture / dislocation MUA +/- POP +/-				V

	K wires				
	Talar, subtalar or midtarsal fracture / dislocation ORIF				V
	Achilles tendon repair				V
	ELECTIVE				
	ELECTIVE SITE NON SPESIFIC				
1	Aspiration / injection joint				V
2	Benign tumour excision (not exostoses)				V
3	Biopsy bone – needle				V
4	Biopsy bone – open				V
5	Bursa excision				V
6	Cyst bone curettage +/- bone graft				V
7	Epiphysiodesis				V
8	Malignant tumour excision				V
	AXIAL SKELETON:				
1	Cervical spine				V
2	Anterior decompression +/- fixation / fusion (C2-C7)				V
3	Atlantoaxial fixation +/- fusion				V
4	Biopsy cervical / 1 st rib				V
5	Nerve root / facet joint injection cervical spine				V
6	Occipito-cervical fusion +/- fixation				V
7	Posterior decompression +/- fixation / fusion (C2-C7)				V
8	Thoracic spine				V
9	Anterior decompression +/- fixation / fusion				V
10	Biopsy thoracic spine				V
11	Posterior decompression +/- fixation / fusion				V
12	Scoliosis correction – anterior release +/- instrumentation				V
13	Scoliosis correction – posterior release +/- instrumentation				V
14	Lumbar spine				V
15	Caudal epidural injection				V
16	Decompression lumbar spine with fusion +/- fixation				V
17	Decompression lumbar spine without fusion +/- fixation				V
18	Discectomy open / micro				V
19	Nerve root / facet joint injection lumbar spine				V
20	Brachial plexus				V
21	Exploration / repair / grafting brachial plexus				V
	UPPER LIMB				
1	Shoulder				V
2	Acromioclavicular joint excision – arthroscopic / open / lateral clavicle				v
3	Acromioclavicular joint reconstruction (e.g. weaver dunn)				V
4	Acromioplasty open				V
5	Anterior repair for instability arthroscopic				V
6	Anterior repair for instability open including capsular shift				V
7	Arthroscopic subacromial decompression				V
8	Arthroscopy diagnostic				V
9	Rotator cuff repair (open or arthroscopic) +/- acromioplasty				V

10	Total shoulder replacement				V
	UPPER ARM:				
1	Elbow				V
2	Artholysis elbow (open/arthroscopic)				V
3	Arthroscopy elbow diagnostic				V
4	Arthroscopy elbow therapeutic				V
5	Arthrotomy elbow				V
6	Excision radial head +/- synovectomy				V
7	Radial head replacement				V
8	Tennis / golfer elbow release				V
9	Total elbow replacement				V
10	Ulnar nerve decompression / transposition				V
	FOREARM:				
1	Wrist				V
2	Arthrodesis wrist (includes partial arthrodesis)				V
3	Arthroscopy wrist				V
4	Carpal tunnel decompression				V
5	De quervains decompression				V
6	Excision distal ulna				V
7	Ulna shortening				V
8	Ulnar nerve decompression at wrist				V
9	Ganglion excision at wrist				V
10	Hand				V
11	Dupuytren's contracture operation				V
12	Excision synovial cyst				V
13	Fusion of MCPJ or IPJ				V
14	MCPJ replacement				V
15	Soft tissue reconstruction hand				V
16	Tendon transfer hand				V
17	Trapezium excision or replacement				V
18	Trigger finger release				V
19	Trigger thumb release				V
	LOWER LIMB:				
1	HIP				V
2	Arthrodesis hip				V
3	Arthrogram hip – diagnostic				V
4	Arthrogram hip – therapeutic				V
5	Arthrotomy hip				V
6	Excision arthroplasty hip (e.g. Girdlestone)				V
7	Open reduction for DDH				V
8	Osteotomy hip – pelvic for DDH				V
9	Osteotomy hip – proximal femoral for DDH				V
10	Osteotomy pelvis – not for DDH				V
11	Revision total hip replacement				V
12	Revision THR acetabular component				V
13	Revision THR both components				V

14	Revision THR femoral component			V
15	Slipped upper femoral epiphysis:			V
16	Slipped upper femoral epiphysis open reduction			V
17	Slipped upper femoral epiphysis pinning			V
18	Total hip replacement:			V
19	THR cemented			V
20	THR hybrid			V
21	THR surface replacement			V
22	THR uncemented			V
23	Femur			V
24	Amputation above knee			V
25	Femoral lengthening			V
26	Osteotomy corrective (not for DDH)			V
27	Knee			V
28	Open ACL reconstruction			V
29	Arthroscopy ACL reconstruction			V
30	Arthroscopic lateral release			V
31	Arthroscopic partial meniscectomy			V
32	Arthroscopic removal loose bodies knee			V
33	Arthroscopic synovectomy			V
34	Arthroscopic knee diagnostic			V
35	Osteotomy distal femoral			V
36	Osteotomy proximal tibial			V
37	Patella realignment			V
38	Patella resurfacing alone			V
39	Revision TKR			V
40	TKR			V
41	Unicompartmental knee replacement			V
	REHABILITASI MEDIS			
1	Pemilihan orthosis dan prosthesis			V
2	Pemilihan alat bantu gerak (alking aids) pasca operasi			V
3	Mobilisasi pasca operatif			V
4	Tibia & fibula			V
5	Amputation below knee			V
6	Tibial lengthening			V
7	Ankle			V
8	Arthrodesis ankle			V
9	Arthroplasty ankle			V
10	Arthroscopy ankle diagnostic			V
11	Arthroscopy ankle therapeutic			V
12	Arthrotomy ankle			V
13	Decompression tendons at ankle			V
14	Tendoachilles lengthening			V
15	Foot			V
16	Amputation toe / ray			V
17	Calcaneal osteotomy			V
18	CTEV correction			V
19	Fifth toe soft tissue correction			V

20	First metatarsal osteotomy				V
21	First MTPJ arthrodesis				V
22	First MTPJ excision arthroplasty				V
23	First MTPJ soft tissue correction				V
24	Hindfoot arthrodesis				V
25	Ingrowing toenail operation				V
26	Lesser metatarsal osteotomy				V
27	Lesser toe arthrodesis				V
28	Lesser toe excision part/all phalanx				V
29	Lesser toe tenotomy				V
30	Tendon decompression or repair				V
31	Tendon transfer foot				V
32	Wedge tarsectomy				V

8	Osteotomy hip – pelvic for DDH				V
9	Osteotomy hip – proximal femoral for DDH				V
10	Osteotomy pelvis – not for DDH				V
11	Revision total hip replacement				V
12	Revision THR acetabular component				V
13	Revision THR both components				V

14	Revision THR femoral component			V
15	Slipped upper femoral epiphysis:			V
16	Slipped upper femoral epiphysis open reduction			V
17	Slipped upper femoral epiphysis pinning			V
18	Total hip replacement:			V
19	THR cemented			V
20	THR hybrid			V
21	THR surface replacement			V
22	THR uncemented			V
23	Femur			V
24	Amputation above knee			V
25	Femoral lengthening			V
26	Osteotomy corrective (not for DDH)			V
27	Knee			V
28	Open ACL reconstruction			V
29	Arthroscopy ACL reconstruction			V
30	Arthroscopic lateral release			V
31	Arthroscopic partial meniscectomy			V
32	Arthroscopic removal loose bodies knee			V
33	Arthroscopic synovectomy			V
34	Arthroscopic knee diagnostic			V
35	Osteotomy distal femoral			V
36	Osteotomy proximal tibial			V
37	Patella realignment			V
38	Patella resurfacing alone			V
39	Revision TKR			V
40	TKR			V
41	Unicompartmental knee replacement			V
	REHABILITASI MEDIS			
1	Pemilihan orthosis dan prosthesis			V
2	Pemilihan alat bantu gerak (alking aids) pasca operasi			V
3	Mobilisasi pasca operatif			V
4	Tibia & fibula			V
5	Amputation below knee			V
6	Tibial lengthening			V
7	Ankle			V
8	Arthrodesis ankle			V
9	Arthroplasty ankle			V
10	Arthroscopy ankle diagnostic			V
11	Arthroscopy ankle therapeutic			V
12	Arthrotomy ankle			V
13	Decompression tendons at ankle			V
14	Tendoachilles lengthening			V
15	Foot			V
16	Amputation toe / ray			V
17	Calcaneal osteotomy			V
18	CTEV correction			V
19	Fifth toe soft tissue correction			V

20	First metatarsal osteotomy				V
21	First MTPJ arthrodesis				V
22	First MTPJ excision arthroplasty				V
23	First MTPJ soft tissue correction				V
24	Hindfoot arthrodesis				V
25	Ingrowing toenail operation				V
26	Lesser metatarsal osteotomy				V
27	Lesser toe arthrodesis				V
28	Lesser toe excision part/all phalanx				V
29	Lesser toe tenotomy				V
30	Tendon decompression or repair				V
31	Tendon transfer foot				V
32	Wedge tarsectomy				V
